## WARSHIP TO FOLLOW ATWOOD IN FLIGHT

Harry N. Atwood  
New York, April 17.—Aviator Harry N. Atwood has just returned from Washington, where he made arrangements with the navy department to be escorted by a warship on his flight across the ocean.  
Atwood's machine is in the process of construction near the points, which are to help the craft to swim in the ocean are being built at Akron, Ohio. Before he attempts to make the flight across the ocean he purposes to attempt long cross-water flights, as, for instance, a jaunt from New York to the Bermudas.  
"I don't know exactly when I will start on that flight across the ocean," said Atwood, "but I hope it will be before the end of May. I am not going to tell them from where I intend to start, for I want some of that moving picture money myself. But I certainly am going to make a desperate effort to cross the Atlantic. I have the equipment if anybody ever had it."

FOUR DELEGATES NAMED.

## BURMAN PLANS FOR VERY BUSY SEASON.

"Wild Bob" Burman.

Havana, Cuba, April 17.—With more advance bookings than any other driver in the game, Bob Burman has started on his most strenuous racing season. He made his 1912 debut at Havana March 10 and 17, and will respond to an encore next Sunday, when another meet will be held on the Cuban course. The world's speed king will then go after some more beach records at Daytona and then jump across the continent to Los Angeles, where he will compete in the Santa Monica road race May 4. Although not officially entered in the international sweepstakes, indications are that Bob will be a contender in the 500-mile event Memorial day, as three factories have made him offers to drive at the speedway, one of which he will probably accept. In the summer Burman will swing around the state fair circuit, varying the monotonous whirl around the tracks with straightaway performances at Ormond, Galveston and Old Orchard. He may also be seen in action at Elgin in August, and if the Vanderbilt and Grand Prix classics are held he will be at the wheel of the Benz in these races. Last year, when Burman lowered the records long held by Barney Oldfield, he annihilated most of the time on his twenty-seventh birthday, April 23. He believes this to be an auspicious day and consequently will go after some more speed laurels on the "skidoo" date in the month of showers this year. After the Cuban meet the "300" Benz and the famous Blitzen will be shipped to Ormond and Burman will follow soon after. Milwaukee, Detroit, Chicago, Cleveland, Buffalo, Syracuse, Toronto, Montreal, Boston, New York, Philadelphia, Pittsburg, Baltimore, Washington, Cincinnati, Louisville, Indianapolis, St. Louis, Kansas City and Omaha are the cities included in the speed king's 1912 itinerary, according to his manager, E. A. McRoss. Burman is not satisfied with his speed laurels he won at Ormond last year and hopes to be a more dangerous factor in the road races of 1912 than he was in 1911 when he dropped out early in both the Vanderbilt Cup and Grand Prize events and was still running when the international sweepstakes were called.

## HIGHWAY COMMISSIONERS INVITED TO WASHINGTON

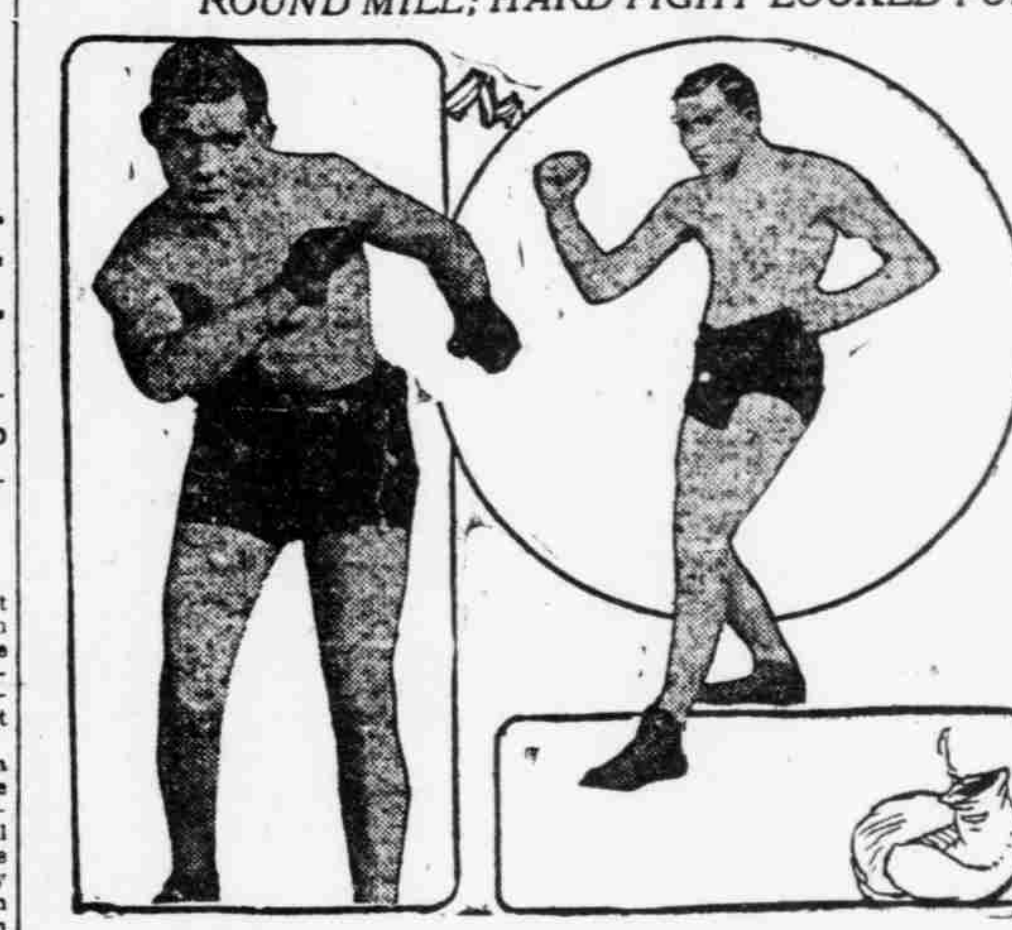

By Associated Press.

Page, director of the United States bureau of good roads, has invited to Washington the various state highway commissioners and the board of directors of the American Association for Highway Improvement, to meet Mr. Mahieu, in charge of French bridges and highways, who will be here next month.

Mr. Page expressed himself today as anxious to have some of the American builders discuss with Mr. Mahieu what some foreign sources are doing in bettering roads. Mr. Mahieu is secretary general of the Permanent International Association of Good Road Congresses. The United States is the only country of importance in the world, said Mr. Page, which has not joined this congress, and even most of the small nations are members.

George K. O. Brown at left; right, Tommy Gavigan.

Cleveland, O., April 17.—When Geo. K. O. Brown meets Tommy Gavigan at Cleveland on April 18th there is going to be some scrap if the dope being passed out by the two camps are to be credited. Both men are confident. K. O. Brown and Gavigan met over a year ago, and the papers described the battle as a fast and furious one, in which Brown gave the elongated Cleveland a bad lacing for several rounds, but Tommy gave a marvelous display of gameness and by a grand spurt in the last section of the contest

SUIT CASE STOLEN FROM GOV. WILSON RECOVERED  
By Associated Press.  
Chicago, April 17.—Gov. Woodrow Wilson's suit case, which was stolen from his rooms in a downtown hotel here ten days ago, was found last night. It was recovered as a result of

an anonymous telephone call to the hotel.  
The message said the suit case would be found in an alleyway between St. Mary's church and the parish house. A detective was sent to the place and found the suit case, which contained a dress suit, soiled linen and papers. Apparently none of the contents had been touched. It was at St. Mary's parish house that Gov. Wilson was dining with Father F. J. O'Callaghan when the suit case was stolen. The property will be sent to the owner.

S.S.S. PURELY VEGETABLE  
The absolute vegetable purity of S.S.S. has always been one of the strongest points in its favor, and is one of the principal reasons why it is the most widely known and universally used of all blood medicines. A great many of the so-called blood purifiers are really nothing more than strong mineral mixtures which act so unpleasantly and disastrously on the delicate membranes and tissues of the stomach and bowels, that even if such treatment purified the blood, the condition in which the digestive system is left would often be more damaging to the health than the original trouble. Not so with S.S.S.—it is the greatest of all blood purifiers, and at the same time is an absolutely safe and harmless remedy. It is made entirely of the healing and cleansing extracts and juices of roots, herbs and barks, each of which is in daily use in some form by physicians in their practice. Years of work and research have proven S.S.S. to contain everything necessary to purify the blood and at the same time supply the system with the purest and best tonic effects. S.S.S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles, and it leaves the system in perfect condition when it has purified the blood. Book containing much valuable information on the blood and any medical advice desired sent free to all who write.
